About Me

Junior javascript developer with experience in testing/debugging and developing user-friendly interfaces. Enthusiastic self-starter seeking a position that challenges me to continue learning and honing my skills.

Education

The Iron Yard - Certificate in Front End Development
Nashville, TN, Jan. 2017 - April 2017

- An immersive, 12-week course in Javascript and MVC Frameworks
- Created 20+ projects using Redux, Vue.js, and Ember.js
- Learned collaboration, fast-paced learning, how to ask the right questions

University of Southern Mississippi - B.A. in Foreign Languages
Hattiesburg, MS, Aug. 2011 - Dec. 2012

Employment

HCA

Corporate Trainer
Nashville, TN, Aug. 2016 - Nov. 2016
Delivered training needs to clients across the country, engaged with stakeholders, and coordinated structural HCA methodology with project implementation team.

UPS

Supervisor
Nashville, TN, Feb. 2015 - July 2016
Led a team of employees to safely meet daily production goals, while also being involved in their ongoing training and development. Also worked as part of a larger team to solve problems, provide support, and maintain functional work areas.

University of Southern Mississippi

Teaching Assistant
Hattiesburg, MS, Aug. 2013 - April 2014
Taught four sections of weather and climate to classes of up to 40 students, graded homework and essays, and held office hours to help students with any questions or problems they had.
